BONNE CUVÉE WINE SERVER 985-12-344

With all the effort, intensity and generations of care that goes into crafting a decent bottle of wine, it seems almost a shame to consume it over dinner. Well, almost. Designed to take the sting out of finishing each new bottle, our Bonne Cuvée Wine Server stands ready to store nearly a case and a half of your favorite wines. The rustic metal grillage is artfully composed in the French style, and meant to mirror traditional farmhouse cabinets from the late 1800s. The slim legs and modest lower support braces are faux-zinc-oxidized to create a distinctive silvery gray glow. Along the top, a hinge-lidded mahogany storage compartment conceals coasters, corks and glasses. And, like a fine label announcing its vintage, each lid is further inset with a hand-cut sheath of mindi wood veneer.
